THE SERBIAN TAMBURICA ORCHESTRA

The Serbian Tamburica Orchestra is one of the most unusual and attractive musical companies ever presented, and is sure to be a great favorite with Chautauqua audiences. This orchestra is absolutely unique—the only one of the kind on this continent.

Balkan melodies form only a part of the wonderful repertoire of the six young Serbians comprising this orchestra. They have demonstrated that the Tamburica is an instrument of wide adaptability—operatic selections, folk songs, popular and patriotic airs are combined on the programs which have pleased hundreds of Chautauqua audiences.

Since coming to the New World these young Serbians have everywhere been met with enthusiastic receptions, largely due first to the remarkable adaptability of themselves and their peculiar instruments to our music; also, the growing popularity of the Tamburica among string instruments because of the volume and beauty of its tone and the exemplification of Serbian music and customs at a time when the interest and sympathy of the world is centered on the little Balkan nation.

The members of the orchestra appear in the dress of their native land, introduce Canadian audiences to the fighting songs and ballads of the little "bull dog" kingdom, and render with equal beauty and freedom our own patriotic and popular airs.

The Serbian Tamburica Orchestra is a distinct novelty to Canadian audiences and is sure to attract record-breaking crowds on the last afternoon and evening of Chautauqua.

THE BAND TURNS OUT

Owing to being favored with the visit of Mr. Mack of High River, brother of "Teddy," the genial C.P.R. agent, and the assistance of others locally, the band gave a concert after church Sunday evening, which was much appreciated. Several citizens were heard remarking on the program rendered, under the direction of L. G. de Forest.

Mr. Mack, who is a fine cornetist, has just returned from overseas service, and we wish Clareholm had been able to keep him, as he is also a good hardware man, and would have been useful all round. We also had Clyde Jones, known as an excellent violinist, but his services as a clarinetist were valuable, and it is hoped he can turn out again with the band. "Tony" and "Luis" our Italian assistants, are both enthusiastic band men, and last among the specials, but not least, is Sydney Todd, just from the Royal Canadian Navy, who turned down a female engagement, with great danger to future diplomatic relations, to run the bombarding section for the band.

Teddy Mack, although known as a cornetist, has only recently achieved a reputation as a bass artist, and blows the tuba with great gusto, or whatever it takes to produce the tones on this important instrument.

It is rumored that the band will put on a picnic soon. This should prove a popular stunt, and here's hoping.

VETERANS' DAY

The Directors of the Agricultural Society have decided to consider Wednesday, July 30th, the second day of the Exhibition, as Veterans' Day, and on that day all soldiers and their wives will be admitted free to the Exhibition. Passes will be issued at the gate or can be obtained from the secretary. In this connection the town intend to present each soldier who left for service from Clareholm with a certificate of honor. The Exhibition day would be a good day to have these presented, but as the veterans have no organization in town it has been hard to arrange with them. It is hoped that the veterans will assemble in town on that day and march with the band to the grounds, there to receive these certificates. Possibly the Veterans will be able to organize in some way for the purpose before then.

THE CANADIAN OVERSEAS ORCHESTRA

The music of the fourth day is in the hands of the Canadian Overseas Orchestra, which was organized and coached by Lieut. J. B. Hunter, the noted teacher and band and orchestral director of Toronto. It should be sufficient that Mr. Hunter vouches for this organization of soldier musicians to insure both their ability and popularity.

Every member of the orchestra has seen service overseas, and the day for their appearance on the Chautauqua should be a red-letter one. Give these boys the reception they so richly deserve; make them know our hearts go out to them for the service they have rendered to our country. This is not the only reason they should receive a royal welcome; however, every man is a trained experienced instrumentalist.

An added feature to the Canadian Overseas Orchestra is Miss Ruth Leone Thompson, contralto, who is a singer of rare ability. She will be the soloist with the evening program.

The Children's Festival, in connection with the Chautauqua, which was conducted by Miss Baker, was well worth the entire cost of the Chautauqua. The children who attended enjoyed a rare treat and the training and fun will long live in their memory. The parade in which the kiddies dressed up in costumes was led by two Shetland ponies and marched through the town. At the school each youngster pinned their bad habits on the dummy representing the bad habit man. This was then set on fire and burned up. Miss Baker won the affections of all the children who attended and it is a pity that any child should have missed it through lack of interest on the part of parents. If Chautauqua comes again next year every child in the district should get the benefit of the fun and frolic.

Peace Sunday Concert at Chautauqua Tent, 9 o'clock p.m.

The Clareholm band, assisted by other talent including Clyde Jones, violinist, Warren Hillard and possibly others, will put on a program after the union church service in the big tent Sunday evening. Turn out and show your interest in the peace celebration and also your appreciation of the efforts of the local musicians. There will be a silver collection for the band fund.

MEADOW CREEK RIPPLES

Mrs. J. J. Cameron of Lethbridge, visited her sister Mrs. J. J. Vance this week, returning home Thursday.

George Bell is moving his cattle to British Columbia for pasture for a few months. He has secured some good grazing there.

We notice that J. J. Vance is cutting grain for green feed, and also that he has 125 acres of wheat along the road that looks promising. He has 250 acres of summer fallow in one field finished up nicely.

Several of the bridges out this way are in very bad condition. Some of them cannot be used at all and others are in a dangerous condition. Can't our member of parliament do something to wake up the department to the situation here?

Exhibition

One hears many people stating that as their stock or stuff is not in good shape they will not exhibit. Don't forget that the other person's stuff is in the same shape and all have a chance for a prize. Bring in your entries and make a successful Fair.

NINE COUNTRIES REPRESENTED AT THE CHAUTAUQUA

In selecting talent for the Chautauqua this year, practically the entire world has been searched—Australia, India, Central Europe, China, Japan, Syria, Italy, besides the United States and Canada are represented, and the Dominion Chautauqua feel that the result has amply justified the energy and money expended. We also feel that Chautauqua patrons will unanimously endorse this statement—that the 1919 Chautauqua program is the best ever presented in Western Canada.

The program as arranged embodies music, entertainment, inspiration and education—covering a broad field of subjects and those of greatest interest to all at the present time. The subjects covered by the lecture staff are of wide range, and are aimed to meet the needs of the day in developing the thought upon questions of international import, reconstruction, travel, education, civil and political government.

The musical programs contain the best of all classes ranging from national, folk songs, semi-classic to the best of modern classical compositions. In presenting such a program to our Chautauqua patrons there is food for all no matter what direction the mind takes in search of development.

From the very opening number on the first day to the closing note of the tamburica orchestra, on the sixth night, there is something worthy the attraction of the most exacting and discriminating, both in music and oratory.

No plan or system has been devised where so much of a worthwhile nature can be presented at your very door and at a minimum cost as is presented under the direction of the Chautauqua Association.

In selecting and arranging the program, special attention is given to the distinct purpose and aims of the Chautauqua movement in bringing to your community the progressive thought, wholesome entertainment, and the best in music, in the hope that this combination may inspire every citizen to a renewed endeavor to have a part in the advancement of our civic, provincial and national life as well as to inspire to individual effort for the promotion and advancement of each and every citizen.

The general wicket at the post office will be closed on Wednesday afternoon the remainder of the summer, the postmaster general having granted permission for the same.

Sergt. E. W. Elliott returned to Claresholm on Wednesday night, after an absence of three years. He left here with Major Lyndon and returned with him. He has been in much active service, but escaped without wounds.

Pte. Lester Barr returned from France this week. He spent three years with the Canadian forces and saw much active service. He brought his bride with him and will live on the farm east of town.

The Presbyterians and Methodists will unite for services next Sunday. In the morning the service will be held in the Presbyterian church and in the evening the service will be held in the Chautauqua tent.

Rev. Butcher and wife and daughters left Wednesday for Washington state for the benefit of Mrs. Butcher's health. She has been ill with heart trouble for several months past and a change had become imperative.

"The Better 'Ole" was fully up to the advance notices—the best war film that has been screened. Unfortunately, no doubt owing to the exceedingly hot weather, the attendance was not large.

During the continuance of the hot weather the Rex Theater will show regular pictures on Monday and Tuesday evenings only. The theater will be closed other evenings unless special attractions are offered.

The Yeomen of Claresholm will initiate a large class of candidates at their meeting on Wednesday night August 6th. Any Yeomans of good standing will be welcome at this meeting and will be insured a good time.

A break at the power plant put the town on short water rations Monday and Tuesday, and the town was also without lights both nights. The break was repaired, however in time to have the war on Tuesday evening.

Nels Fremstad, six miles east of town, shot a big lynx in a popular grove close to the house on his farm on Sunday last. The animal was no doubt one of those driven from their usual haunts by the big timber fires in the hills west of here.

District Deputy Grand Master Gates and District Deputy Grand Marshal Cressman installed the officers of Foothills Lodge No. 15, I. O. O. F., on Monday evening. The new elective officers are: D. A. Anderson, N. G.; E. A. Mack, V. G.

A large number of our baseball fans took in the baseball tournament. Claresholm played Barons in the forenoon, Barons winning 8 to 4. A Champion won from Barons 5 to 6. In the final Barons won from Carmangay 5 to 4 in a ten inning game.

Major Lyndon arrived home on Wednesday night. He left here at the beginning of the war and has been in active service nearly ever since. War has had its effects upon his health and he is far from being what he was before leaving for service. His many old friends are pleased to see him back again.

Pte Russell Dickson, son of J. A. Dickson, has been spending some weeks with his parents. He was over four years at the front and went through many of the biggest battles in which the Canadas were engaged. He enlisted when only seventeen years of age. He went over with the 13th Highlanders.

The Chautauqua opened on Thursday afternoon with a very pleasing program. The Liberty Belles gave some splendid numbers which were heartily applauded. Major Carmie's lectures, both afternoon and night, were excellent and his description of the Gallipoli campaign will never be forgotten by those who were fortunate enough to hear him.

Fight Pictures Unfit For Public

Columbus, O.—The Willard-Deppie fight pictures may never be seen in public. In Ohio at least, they will not be placed on exhibition. The Ohio censor board officially rejected the pictures as being unfit to be exhibited in public. The exhibitors of the pictures being shown in other states is believed to depend on what construction is to be placed upon the Bolling Act, which prohibits prize fight pictures being handled in interstate commerce.

A Sure Corrective of Flatulency.—When the undigested food lies in the stomach it throws off gases, causing pain and oppression in the stomachic region. The belching and eructation of these gases is offensive, and the only way to prevent them is to restore the stomach to proper action. Farnell's Vegetable Pills will do this. Simple directions go with each packet, and a course of them taken systematically is certain to effect a cure.

Confectionery in Ancient Egypt. The invention of confectionery, an English writer guesses, is due to Noah, who "first hit on the idea of boiling down the starch of the wheat and the juice of the grape. The result was a paste, said to be the original of our present-day 'Turkish delight.' Among the ancient Egyptians whole fruits, particularly figs and dates, were used for flavoring purposes, the latter especially for preserves and cakes. In old tombs dated sweetmeats have been found, also records of honey jellies. The making of confectionery, in fact, goes back 3,400 years, proof of which is to be found on the walls of Egyptian tombs."

French Favored Cause Of Jews

Asked That Conditions of Absolute Equality Be Granted Jews In New or Enlarged States

Paris.—M. Fichon, foreign minister, replying to a communication from members of the chamber of deputies asking information as to the attitude of France in the peace conference with regard to the Jews of Poland, Rumania and other countries, declared that, from the beginning of the conference, the French government endeavored to secure consideration of the Jewish question and had asked that conditions of absolute equality be granted Jews in new or enlarged states. These efforts, M. Fichon says, resulted in the treaty already signed by Poland guaranteeing complete liberty and equality to Jews in political and religious matters.

Deadlock at Kingston

Kingston, Ont.—Negotiations between the metal trades council, representing the Canadian Locomotive Co., have reached a deadlock, and the president has made a final offer of a 45-hour week, \$4.40 a day, and men have rejected the offer, insisting on a 44-hour week.

GIRLS! LEMON JUICE IS A SKIN WHITENER

How to Make a Creamy Beauty Lotion for a Few Cents

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white, a whole quart of the most reliable lemon skin beautifier. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every girl who uses this lemon juice is sure to be bleached and remove such blemishes as freckles, sunburns, etc., and is the ideal skin solvent, whiteness and beautifier.

Put it in. Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart of this sweetly scented lemon lotion and use it daily into the face, neck, arms and hands.

An Open Verdict

No Proof That Police Fired Fatal Shot in Winnipeg

Winnipeg.—That Mike Sokolowski came to his death during a riot on Saturday, June 21, as the result of receiving a bullet wound through the heart, fired by some person unknown, was the verdict of the coroner's jury sitting on the case. The verdict added that the evidence showed that a number of shots were fired by rioters and there was nothing to indicate that the shot which killed Sokolowski was fired by the police.

He Caught 'Em All Right

He had experienced bad luck fishing. On his way home he called at a store and said to the proprietor:

"Just stand over there and throw me five of the biggest of those trout!"

"Throw 'em? What for?" asked the man in amazement.

"So I can tell the family I caught 'em. I may be a poor fisherman, but I'm no liar."

The New Way

A little four-year-old of Plainfield, who is most emphatically opposed to having her face washed, said to her grandmother the other day:

"I am not going to wash my face any more."

When asked for an explanation, she said, "I've decided to have it dry cleaned."

King Ludwig of Bavaria, who complains that he has no place to lay his head, evidently hasn't thought of renting it on the old Kaiser's boughs.

Central Part of Ancient Capital Was to Be Attacked by Bombs

Rome.—An anarchist plot to attack the central part of Rome by means of hand grenades and other explosives has been exposed by the arrest of sixteen of the conspirators four hours before the time fixed for carrying out their plans.

About the same time thirty anarchists motivated by the same motives, from Rome, and tried to induce the garrison to join in an attack in the Rome market place. The soldiers fired the anarchists and set several of them. The others fled. The city remains tranquil.

Wouldn't Stay Down

A British steamer, the Raventree, arrived in Boston harbor with a record of having been torpedoed and sunk three times. She was attacked 28 times and sank three submarines. Taking the example supplied by this ship and applying the slogan of the Salvation Army, "A man may be down, but he's never out" one can quite a definite model upon which to build his life.

German Extend Franchise

Weimar.—The German national assembly is still debating the new constitution and has endorsed the article qualifying any male citizen, native or naturalized, who has reached the age of 35, for the office of president. The naturalization provisions are being owing to the rearmament of the German frontiers depriving many former German subjects of their nationality. The constitution provides that the president shall be chosen by popular vote.

RED HOT JULY DAYS HARD ON THE BABY

July—the month of oppressive heat—call hot days and sultry nights, is extremely hard on little ones. Diarrhea, dysentery, and cholera, and other ailments, carry off thousands of precious little lives every summer. The mother must be constantly on guard to prevent these troubles, or if they come, to see to it that the child recovers as quickly as possible. No other medicine is of such aid to mothers during the hot summer as is Baby's Own Tablets. They regulate the bowels and stomach, and in occasional cases, when a child is really ill, will prevent summer complaint, or if the trouble does occur, will quickly banish it. The Tablets are sold by all druggists and are available at 25¢ a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Fires Caused by Lightning

Warning of Approaching Electric Storms by High Wires

How to prevent loss from forest fires started from lightning is the problem being worked out by the Forest Service of Oregon, U.S.A. In the last twelve years there has been a loss of \$5,000,000 in Oregon and Washington from forest fires, of which the largest number are caused by lightning fires. Sixty per cent of the fires in New Mexico 65 per cent of the fires are of lightning origin, while 35 per cent of the trees are killed by direct strikes before they reach maturity. One of the methods proposed is to secure warning of approaching electric storms by high wires and other apparatus. On the first warning, patrol men can get ready to fight the expected fires.

First British Airship to Cross Atlantic Brought Greetings to Canada

Ottawa.—The first British airship to cross the Atlantic brought a message of good wishes from the King to the people of Canada. The message was delivered by the Governor-General, and reads as follows:

"Buckingham Palace, July 29th, 1919.

"To His Excellency,

"The Duke of Devonshire, K.C., G.C.B., Governor-General of Canada."

"Commander-in-Chief of Canada."

"I take this opportunity of sending by the first British airship, R-34, to cross the Atlantic a message of good wishes to the people of Canada of the old country."

President Wilson Favors Trial To Suppress Sinn Fein

Stated That He Agrees With Decision to Try Ex-Kaiser in London

Paris.—The question of the trial of former Emperor William was on the program for discussion by the Council of Three for several days when President Wilson was still in Paris. Reuter's Paris bureau declares, in an article regarding recent statements by the members of the United States peace mission that Premier Lloyd George's statement on the subject in the House of Commons had come as a surprise to them.

Reuter's, which says its information comes from confidential sources, adds, however, that because of more urgent business coming up, the discussion of the question by the council was postponed. Nevertheless, the agency declares, it is known that President Wilson had expressed himself strongly as to the place for the holding of the trial, and it asserts that for every reason to believe he has fully cognized the importance to try the ex-emperor in London.

Consider Bulgar Peace

London.—General C. G. D. Thomas, commander of the allied forces in Bulgaria, has informed the Bulgarian premier that peace delegates from that country would be called to Paris soon, and that the Bulgarian government is invited to nominate a delegation, according to Sofia dispatch to the Exchange Telegraph.

The King And The Sailor

Jeon Bart was as Ready to Dry Enquette as to Hug the Atlantic Gales

It was in the Palace of Versailles that Jeon Bart, the noted privateer captain, was presented to the French emperor. The emperor, who had just arrived, was the roughest of sea-dogs and as ready to fly enquette as to hug the Atlantic gales. Jeon Bart, who was waiting for the king, and to the horror of the courtiers, pulled out his pipe and lighted up. Then the emperor, in an awkward and unbecoming way, to do, told the gallant skipper that he might go on smoking. Then "Jeon Bart," said His Majesty, "I have just promoted you to the rank of Commodore."

"Sire," replied Jeon Bart, "you have done the proper thing."

Waited Forty-Nine Years

To Be Freed From Mailed List of Germans

Paris.—"We have waited 49 years for this moment," exclaimed Premier Clemenceau as he opened the fateful dispatch announcing that Germany would sign the treaty.

"For forty-nine years," he continued, "the mailed list of the Reire (German troops), who have governed Germany, has menaced the world. Whether the man's name was Bismarck or William II. it was still the same Reire of the middle ages, rich in pride, and drunk with pride."

"The careful; keep your powder dry. Be careful, remind the world that it is living on a barrel of that powder."

"This Reire's dogma was that might is right, that a state's only obligation is its own interest, that treaties do not exist when they clash with the interest of a state, and that rich by any means. We know from witnesses who were at the side of William II. that when he learned of the Reire's tragedy he, who posed as a keeper of the peace, cried:

"The hour has struck. Now we shall see what an army is!"

THINK A MINUTE

WHAT is your doctor's first question? Why does he suspect constipation?

Because 90% of his patients are suffering from ailments caused directly or indirectly by the action of poisons formed in a sluggish intestinal tract.

These body poisons are absorbed by the blood and carried all over the body until the weakest organ, unable to withstand the poisonous contact, becomes infected and refuses to act properly. Unfortunately it is usually not until then that the doctor is consulted and asked to treat the diseased organ.

The surest way of purifying the blood and preventing the formation of these destructive body poisons is to prevent stagnation of food waste in the intestinal tract—to prevent constipation.

Constipation is not a matter to be taken lightly or neglected. Nor is it either sufficient or safe to take castor oil, pills, salts, mineral waters, etc., in order to "force" bowel action. Such action does not cure constipation, it makes constipation a habit.

Nujol is entirely different from drugs as it does not force or irritate the bowels. Nujol prevents stagnation by softening the food waste, thus removing the intestinal poisons and thus removing the cause of constipation and self-poisoning. It is absolutely harmless and pleasant to take.

Regular Nujol Nature establishes easy, thorough bowel evacuation at regular intervals. (German troops) in the world. Get a bottle from your druggist today.

Warning: Nujol is sold in sealed glass bottles with "Nujol" label. No other Trade Mark. All druggists. Insist on Nujol. You may suffer from constipation.

A famous tractor—the Fordson

The Fordson tractor has attracted the attention of every civilized country. It is used by thousands in Europe today. It has shown the way to make farms produce more—in every country—and of every size.

Built right—simple, durable, economical, easy to operate—easy

to care for; the Fordson fulfills every requirement. It will make your farm a more profitable investment—will take worries off your shoulders.

Burns kerosene—all gears are enclosed. The Fordson is built especially to meet the need for a tractor which must be cared for by the operator himself.

Use it with the Oliver No. 7 Plow

Good plowing—every acre exactly as you want it—that's the result of using the Oliver No. 7 Plow especially designed for the Fordson tractor. Trash and weeds are buried at the bottom of the furrow; the stop device maintains an even depth of furrow. It's the plow that works to the best advantage with this tractor.

Come in and let us show you the Fordson tractor and Oliver plow.
